Maximum Lift Height	177 in(4,500 mm)
Tyre Type	Pneumatic
Machine Height (Mast Lowered)	93 in(2,370 mm)
Machine Features	Mast full free lift Mast container entry Load backrest Overhead Guard Front wheel drive Extra valve(s) Side shift

ADDITIONAL INFORMATION

UN Counterbalanced Diesel Forklift provides you with multiple choices as per your real needs, We have different reliable engines for choice. All these engines have been tested that they can be trusted through all kinds of tough working condition and get recognition from millions of clients across the world. These engines are specifically designed for the forklift use, with low fuel consumption, less noise and vibration, all these features improve the whole performance of the forklift. High efficiency is also delivered through the performance of the axles, the excellent brake system makes sure the forklift operates with safety, the steering axle provides prompt and precise feedback to the driver when steering. The operator cabin is reasonably designed considering its space, layout of the steering column and instrument display, file storage and suspension seat. The wide-view mast provides the operator with a wide visibility which improves efficiency and guarantees safety. Because of the reasonable layout of the engine, transmission, axle, counterbalance and chassis, the whole truck is with low gravity, this feature guarantees the stability and driving safety of the forklift. Robust and Reliable Diesel Engine Ergonomically design Wide-view Mast and Container Mast for Choice Fully Integrated Frame and Suspension Chassis Excellent Cooling System and Heat Releasing System Easy to maintain and repair Lower Gravity Emergency Stop Switch Multiple Option Available for Choice
